

**Compulsory Homework**

- Please read with an adult/a brother or sister over the weekend and showcase your reading skills.
- Play some games to help practise your number skills.

**Homework Game - Tic Tac Toe**

Choose three pieces of homework to complete throughout the term. Tick each one you complete; **make sure that you always cross through the middle square!**

Write your own maths word problems for your family to solve.	Write a story about an animal of your choice.	Be a TV presenter! Can you get somebody to film you talking about the life-cycle of a frog?
During the spring, lots of animals have babies; find out the names of these babies.	Hetty the hen had 20 eggs. On Monday, 8 eggs hatched into chicks. How many were left in Hetty's nest? Can you draw a picture of the eggs to help you work it out?	Go for a walk with your grown-up and look for signs of spring. Take a picture and bring it into school or send via email.
Make a weather chart for a week to show what the spring weather is like. (You can use the attached sheet with the days of the week on it.)	Paint a picture of spring.	Find out about animals that are nocturnal... draw and write about them.

Pictures can be emailed to the office and will be passed onto your class teacher.
