

ENGLISH

We have lots of exciting activities planned this term and the children will be looking at the skills they need to write recounts of these. We will also be looking at information texts about castles. We will read and write our own stories - hopefully including lots of dragons and princesses! Why not look for some castle and dragon books in the library?

HISTORY

The children will be learning about what homes were like a long time ago. We will be looking at the key differences between features of old and new homes and learning about home life in the past with a big focus on castles.

1 2 3
4 5 6 7
8 9 10

MATHS

This term we will develop our knowledge of Multiplication and Division. We will be further embedding counting in 2's, 5's and 10's. We will begin to learn about simple fractions such as whole, half and quarter. We will also be learning about Position and Direction.

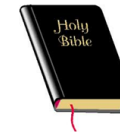

DT

In this unit children develop an understanding of simple mechanisms through designing and making kites.

RE

This term we will be learning about the Jewish faith. The history of the Jews with the stories of Abraham, Moses, Jonah, David and Goliath.

Year 1 Term 5 - Castles

PE

In PE the children will be developing throwing, running and jumping skills.

In Games we will learn to use and vary simple tactics including attacking and defending. We will also learn to perform a range of kicking and fielding skills with control. We will also be developing our Athletic skills and practising for sports day later next term.

REMINDERS:

As the weather becomes warmer, please provide your child with a full water bottle each day.

Please apply high factor suntan cream before school.

Please also ensure all items of clothing are labelled, including a sun cap.

Science

In Science this term we will be investigating conditions for plant growth. Naming the main parts of trees and flowers and naming common English trees and flowers.

We will also look at Seasonal changes and Spring.
