

Homes & Habitats

Year 3 and 4
Homework Term 5 2026

Everyday practise

<u>READ</u>	<u>SPELL</u>	<u>MATHS</u>
Please read with an adult/a brother or sister every day .	Please practise your spellings - Five times over the two weeks.	<ul style="list-style-type: none"> Practise your tables: Year 3 - 3, 4 and 8 Year 4 - All tables

Topic / Foundation Subject Homework - Tic Tac Toe

Choose three pieces of homework to complete throughout the term. Tick each when completed. Make sure that you always cross through the middle square!

1) Make a bug house to provide shelter for insects.	2) Build a den from things that you can find in your home habitat.	3) Write a story set in your habitat / home. Create a character and use the five stages of a story.
4) Create a meal / snack that you could enjoy in your home. You could set your recipe out like a cookbook with instructions.	5) Research a home from around the world and present your findings as a poster.	6) Create your own bug using a medium of your choice E.g. Drawing, collage, Lego, paint etc. Show how it is adapted to its environment.
7) Design an experiment to test what would make the best material for a habitat roof.	8) Choose a creature and show where it belongs in its food chain or web.	9) Make a record of all of the things you do in a day and the times that you do them. See if you can draw the times as clock faces.

Please bring in your homework or a photo of what you have done by the end of week 5 (15th May).
